FOREWORD

WE have aimed herein to give expression to the true Walla Walla High School spirit and to make this book a chronicle of the events and happenings of the past year. Although this issue is a few pages smaller than those of previous years, we have endeavored to give you more pictures and snaps than before. In omitting the club notes and putting in the names of the members of the various clubs, we feel that we are not repeating any material already given in the Eh Kah Nam. This has enabled us to make the book representative of more students than if we put in only pictures.

We wish to express our appreciation to all those outside of the staff who have helped to make the ROYAL BLUE a success. The advertisers especially deserve mention, for without their help the Annual could not be published. All those who read this book should make an effort to convince the business men that it is worth their while to use this book as an advertising medium. Trade with our advertisers and mention the Annual.

This book contains the efforts of the staff to give a summary of the past year. If it has any merits, commend them, and if any shortcomings, please be kind in your criticisms.

HALBERT HOLMES.

The Class of 1918

CHARLES RODGERS

THE year 1915 was an eventful one for Walla Walla High School. It not only saw Mr. Jones begin his work here but it inaugurated the brilliant career of the class of 1918. In athletics we made our first mark. Besides having players on all first teams we had good class teams of our own. It was this year that the "pep" of the school, aroused by these new elements, backed a winning football and basketball team. Not alone did we win laurels in athletics, but we showed all around supremacy by winning the first interclass trophy. Our motto, "Veni, vidi, vici," set for us this high standard of achievement.

In the sophomore year we set a pace for the rest, and as in our first year, we had winning teams. It was during this year that our splendid loyalty aided in the efforts to obtain the new building we now have. Not only were we strong in athletics but we also excelled along intellectual lines. It was again this year that we showed up strong and tied with our first rivals, the juniors, for the interclass trophy.

Thus far and into the junior year we had set the pace for the rest. As in the two preceding years we were strong in athletics besides doing our best in classroom work. It was due largely to the enthusiastic patriotism of this class that we now have the military organization which the school can boast of. Again this year our school ran away with both football and basketball championships. Last but not least was the publication of the Royal Blue, no doubt the best annual ever put forth by the Walla Walla High School.

The senior year for the class of '18 has as yet been unrivaled by any class. As in the three preceding years we backed athletics strongly and besides having a championship basketball team, our class furnished so many mighty warriors that the Walla Walla High School for the first time in its history witnessed the championship of the West. It is this class that is setting the pace for the other classes perhaps for years to come. We are about one hundred and twenty strong and with the motto which we adopted as freshmen, we will go out as Alumni, always remembering the words which have been our standard for four years, "Veni, vidi, vici."

Junior Class Notes

HELEN MOULTON

JUST a few days after the beginning of school the first meeting of the junior class was held. Halbert Holmes was elected President but as he was later elected Editor-in-Chief of the "Royal Blue," he resigned and his place was filled by Dorothy Brown who has been our President ever since.

UNDER the supervision of Miss Martha Lane and with the staff composed of members of the class of 1919, the school may be sure of getting an Annual superior to any that the Walla Walla High School has ever produced. To Miss Van Diver, also, belongs much credit for she has helped greatly with the art work of the Annual.

NOT only the junior class but the whole school has been favored during the past year in the enjoyment of the programs put on by the class of 1919.

IN the Classical Club Play the junior class was well represented, as several of the major parts and the majority of the minor parts were taken by juniors. The part of Venus was excellently portrayed by Mary Boylan, and the part of Anna was well taken by Margaret Bowen.

ON January 17 the juniors entertained the sophomores at a party in the cafeteria room. Upon entering the door each person was given a slip of paper containing a number. In this way groups were formed. Then each group was given a synopsis of a short play which they were to act out. As these were humorous, everyone had a very enjoyable evening. When the janitor was getting anxious to turn off the lights, punch and wafers were served. The climax of the social events of the year was the junior Prom which took place in May.

RAH! Rah! Rah! three cheers for the junior boys who have enlisted in some branch of the army, but of all the boys from the Walla Walla High School who have joined, a goodly number are juniors. Whether they are "Somewhere in France," in the training camps, or wherever they may be, the class of 1919 wishes them good luck and hopes that they may take an effective part in the winning of this war.

CANNOT the junior class be justly proud that it has students who can really achieve something? Evangeline Fix has demonstrated this in more than one way, for among the few students in the whole school who have won gold medals for scholarship she is one. She has also won a still greater honor, not only for the juniors but for the whole school. In the contest of writing a message to be cabled to the boys and girls in the Philippine Islands, the Hawaiian Islands, and Guam, on Washington's birthday, the day they formed a Red Cross auxiliary, Evangeline Fix, '19, won first place, and her message was cabled from Washington, D. C. In this she scored a victory over the thousands of students in all the high schools in the Northwest.

LAST fall Miss Hunt, Miss Blynn, and Mr. Bell were chosen as advisors for the junior class and now the class feels greatly indebted to them for their advice and invaluable assistance during the past year.

ALTHOUGH we have not distinguished ourselves in interclass events, the contests haven't really begun, as a great many of the important ones are held in the spring. The sophomores and seniors may remember that the class of 1919 showed what they could do by winning the shield last year. The juniors are now only waiting for a chance to show the other classes that they have class loyalty and are willing to stand behind their class.

SINCE the declamatory contest is one of the important events of the year as it decides who will represent the High School against Spokane, the juniors are glad to report that they tied the seniors and sophomores for first place. We were well represented by Hope Summers, Agnes Dowell and Chester Merklin. Hope succeeded in defeating her opponents in both the home declamatory contest and in the one against Spokane.

SOMEHOW it seems difficult to realize that we are so near our senior year. The class of 1919 will try to make that year the most successful and the happiest that it has ever known.

TWO years have been sufficient to prove the class of '20 the most industrious class that ever entered this institution of learning. At the first meeting the following were elected as officers:

President	Loyd Mahan
Vice President	Willa Utley
Secretary-Treasurer	Margaret Bowen
Eh Kah Nam Reporter	Amy Swanson
Yell Leader	Leo Logan

At a later meeting Esther Gwinn and Merle Young were chosen as Interclass Council members, and Veryl Tompkins as Annual Reporter.

Our first event was a ticket selling contest in the fall. We did not do very well in this but it woke us up to the spirit of the school. As a result we later won third place in a hard fought basketball series.

We were sorry at the departure of one of our class advisors, Mr. Fleming. He was our school debate coach and one of the best teachers in the school. We still have, however, two able advisors in Miss Klahr and Miss Boucher. We are grateful to them for their help and for the time they have spent in helping the class.

The social event of the season was a dance in the High School gymnasium. Bartlett's Jazz Band played for us and a pleasant evening was enjoyed by all who attended.

In all sports we are well represented. In football, basketball, track and baseball, with men such as Glen Perry, Harry Perry, Lionel Davin, and Roland Andre, we can be depended upon to bring glory and honor to the high school. Another thing we are proud of is that these men have all won letters.

We also have some bright students in the sophomore class. Carl Corkrum and Harold Kirkman have also won bronze medals. This proves that the sophomores are good in their lessons as well as in their sports.

Later on in the year we won third place in volleyball and indoor baseball. However, in track we have a good chance to win as we have a good lot of material to pick from and a loyal "bunch" to back us up. In outdoor baseball we have seven of our last year's team back again this year and we have one more year's experience to our credit. The music contest in April will be a close one as the sophomores have a winner from last year who will give the other classes a hard fight for first place.

Owing to changing classes the following officers were elected for the second semester:

President	Ralph Augustavo
Vice President	Glen Perry
Secretary-Treasurer	Willa Utley
Eh Kah Nam Reporter	Eunice Clark
Yell Leader	Howard Hughes

Esther Gwinn and William Zeller were chosen as Interclass Council members.

A large number of sophomores are members of one of the four literary societies in the school, sophomores being found in the House, Senate, Alpha Sigma and Gamma Theta societies.

In the home declamatory contest we tied the juniors and seniors for first place. Geraldine Dunham won first place in the humorous class, thereby appearing for the school in the contest with North Central High of Spokane.

The sophomores have three of their members on the Annual Staff this year so as to give them more experience for the work next year. The plan is a new one and will add to the ease with which we may go about the work next year.

The sophomore class is loyal to the school to the backbone and has done its "bit" in making the record for the Walla Walla High School, and is willing to back the school up in everything it undertakes to do.

THE first meeting of the Freshman Class was called to order by the Freshman advisors, Miss Helen Lane, Miss Twinam and Mr. Watson, in September. At this meeting the following officers were elected:

President	Ralph Augustavo
Vice President	Neal Turnbow
Secretary	Velma Phillips
Treasurer	Harold Hart
Class Council Members	Austin Roberts, Bonnie Moore
Eh Kah Nam Reporter	Arthur Gaffney

In February, owing to the change of classes, the following officers were elected:

President	Joe Chandler
Vice President	Neal Turnbow
Secretary	Georgia Talbot
Treasurer	Esther Cornelison
Class Council Members	Selma Struthers, Robert Johnson
Eh Kah Nam Reporter	Julia Britton

The first big event of the freshman year was the Hallowe'en party which took place November 2, 1917. The party was well attended and everyone seemed to have a good time. We hope that the games were as interesting to the upper classmen who were watching from the outside, as they were to us. The decorations were artistically arranged and the refreshments appropriate for the occasion.

We are looking forward to a hard time dance which is to be given by the Freshman sometime in the spring.

In athletics the freshmen have been unusually successful. The girls are highly elated over the scores made against the other classes for they have been remarkably fortunate in winning either first or second places in all athletic contests in which they have participated. We hold second place in basketball and defeated even the mighty seniors in volleyball.

The boys have also done their share along this line for the honor of the freshmen. We have several freshmen on the second basketball team and stand an excellent chance of winning in the track events which take place in the near future.

In scholastic attainments we are equally invincible for out of practically two hundred freshmen, 33 were on the Honor Roll and Helen White led the girls of the entire school for the first semester with an average of 97¼%, while Joe Chandler, averaging 96, held the same honor among the boys. This was the best record made by any class.

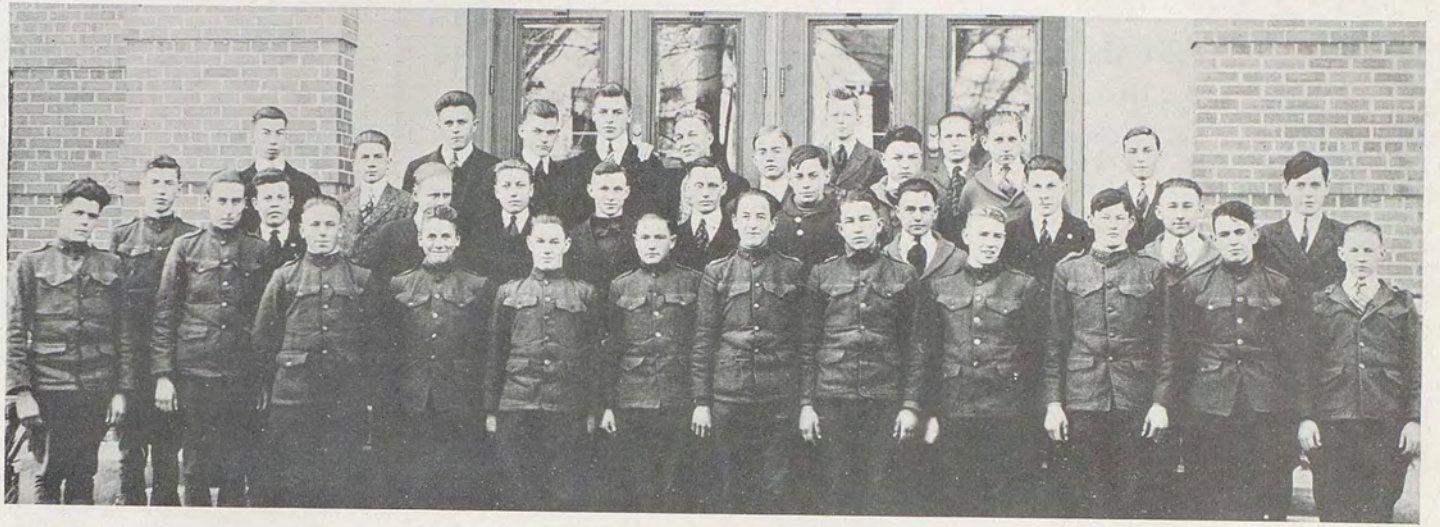

Georgia Talbot, a freshman, won against the sophomores in a theme writing contest in which the subject was, "Why Buy At Home."

Of the fourteen freshmen trying out in the declamatory contest the following were chosen: Oratory, Melvin Rader; Dramatic, Helena Dirks; Humorous, Ruth Chandler.

We feel that we owe a great deal of our success to our loyal and encouraging advisors who have been unstinted in their help and we sincerely hope that we may be as fortunate in our faculty advisors in the coming year.

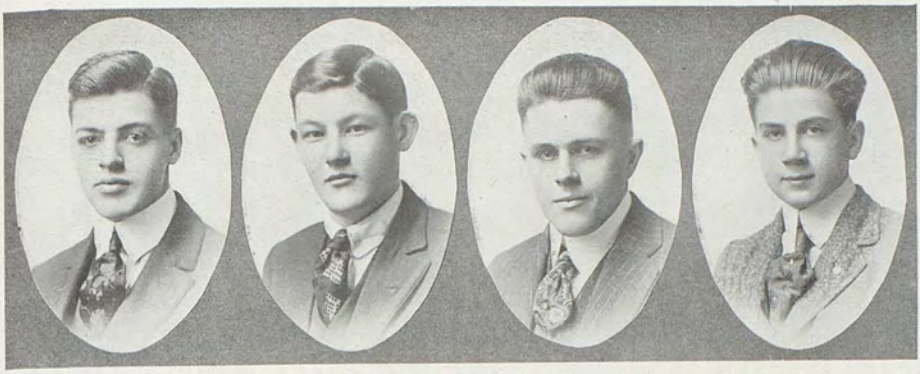

The class of 1921 has certainly proved itself to be an extraordinary one. It has shown more "pep" than any freshman class that has entered the Walla Walla High School. We can with pride say that there is not a slacker among us but that we have all worked with energy to make the class what it is and that we shall try to make it even better with the coming year. May this year have been only a preparation for greater efficiency in the coming years!

Walla Walla's football team of 1917 will go down in Northwest scholastic history as the first eleven to win the undisputed championship of the West. Certain it is that no greater interest was ever taken in interscholastic football than, when on Thanksgiving Day playing the Rocky Mountain Champions, East High of Salt Lake, before an enormous crowd, Walla Walla's eleven literally hurled and smashed their way to a glorious victory for the Western title.

On defense our team became likened unto an impregnable steel wall so far as the attacks of the enemy were concerned. On offense it became likened unto a British tank and ploughed through the enemy's line regardless of all obstruction and show of fight. It was this huge man-machine that carried Walla Walla's banner straight through to the championship of the West without a set-back.

However, for next season, there will be plenty of new material in school for the first time who will force the veterans to the limit for coveted positions. Commenting upon the prospects for 1918, Coach Glossop has been heard to say: "As long as past victories do not bring satiety to the school spirit, Walla Walla need not worry. The school has a larger percentage of potential athletic stars than any other high school in the United States. To turn out another championship team the following is needed; a large and enthusiastic squad, consistent and regular training of the brain as well as of the muscle, loyalty, team-work and a bull-dog determination to keep everlastingly at it until the last whistle. Walla Walla has a better outlook for 1918 than for 1917."

"Phiddy"

Captain "Phiddy" Yenney was the most finished and powerful fullback ever seen in scholastic football of the Northwest. A more powerful and accurate forward passer, punter, interferer, and line plunger can seldom be located even in the collegiate game.

"Chet"

"Chet" Rich was a star field-general and peer of all broken field runners. Possessing at all times a clear head and a constant source of tremendous driving power, he soon became a terrible night-mare to his opponents.

Cliff

Esselstyn, all-western center delighted all fans by his wonderful accuracy on the snap and by his marvelous speed. He was tall, strong, fierce, terrifically speedy and played half-back on defense.

Emigh

The smallest lineman in weight and size was Emigh and yet it was Ralph who usually downed the man with the ball. Though meeting no opponent as small as himself he seemed to experience no difficulty in charging straight through that man.

"Zeke"

"Zeke" Clark at tackle became the sensation of the northwest scholastic football. Strong, fast and standing six feet-four, he opened holes with ease and blocked forward passes so frequently that opponents became afraid to use passes.

Kelly

"Line plunger extraordinary and premier half-back of the Northwest" is the cognomen for Lyle Kelly. Many times a blue streak would dart into the line and reappear beyond, with a stream of fallen opponents behind him.

Sparks

To Sparks more than anyone else belongs the determination of a Ulysses S. Grant. Sparks knows more about football than any one on the team.

"Sonny"

"Sonny" Rich certainly distinguished himself at end during his first season at football. His ability to handle forward passes and to get down with the punts was marvelous.

Phil.

Unusually strong and fast, Hoffmann fought with a vengeance at guard position. Phil was always in the thickest of the fray and made it his motto to get after his opponents before they got after him.

A. Burks

Most opponents considered their lines impassable and invincible until Burks Summers hurled himself through it a few times and then they changed their minds completely.

Booker

Captain-elect Jack Booker played a terrific slashing game at half. Speed and a wonderful straight-arm which distinguished his game carried fear into the hearts of all opponents.

"Rowdy"

"Rowdy" Zaring, another giant was no less brilliant than "Zeke." He had the fight and plenty of strength, so that in all, no better pair of tackles ever played together on the same team.

Clarke

"Herb" Clarke played a sterling game at half throughout the season. Though it was his first season in the game he certainly played like a veteran.

Perry

Another first year man played on the other wing and played it equally as well as "Sonny." Perry also distinguished himself nationally by his accurate toe; in one game he kicked eighteen goals straight, an American record.

Coach

Coach George Glossop is the one who put the boys through their paces and made a western championship bunch of them.

Andre	Forward	Perry	Guard
Clarke	Forward	Kelly	Guard
Zaring	Center	Brunton	Guard
Rich, H. (Capt.)	Guard	Clark	Center

Basketball started out this year with everyone in high hopes, for Coach Glossop admitted that he could coach basketball better than he could football, although such a thing seemed impossible. However, he proved his ability by putting out a championship team in spite of several set backs. In the first place, Captain Chester Rich quit school; then Andre, the crack forward, injured his knee; and lastly, Ed Zaring quit right at a critical time and matriculated at Whitman. But old Ed couldn't stand seeing Walla Walla lose so he came back into school and into the game. Thus our High School came into her own and finished the season with flying colors.

Glossop tried out an entirely new system of basketball this year, a regular system of signals being worked out. And it certainly "worked." The way our team defeated all her opponents was an inspiring, and in some instances, a very exciting accomplishment.

After the first team was chosen there was not very much material for an antagonistic second. However, such good coaching and hard experience, with that all-star first, would develop most any kind of a bunch into a good team. Consequently a second team suddenly appeared on the scene of action and finished up a couple of games for our first. Not satisfied, it went out for a trip on its own hook and brought back wide honors.

Members of the second team not used as first team subs were as follows: Neal Turnbow, Harry Simpson and Dick Baxter.

KELLY H. CLARKE PERRY BRUNTON
H. RICH ZARING

THE PLAYERS

Captain "Sonny" Rich shifted from forward to floor guard and at once became and remained the greatest scoring guard ever seen in the Northwest. "Sonny" was also an exceptionally good guard covering an opponent quickly and keeping him covered so that the opponent seldom handled the ball safely. His record is 88 field goals in 12 games.

Captain-elect "Herb" Clarke, forward, possessed unusual ability both in scoring from under the basket and from a distance and in dribbling. He could always be depended upon to cover an opponent quickly on defense, something few forwards deemed necessary. Tall, rangy and fast he was able to score 96 field goals in 13 games.

"Henry" Andre is without doubt the quickest, fastest, and most accurate forward in the west today, but an injury in the Dayton game slowed him up for the rest of the season. His record is 57 field goals in 8 games.

"Rowdy" Zaring, center extraordinary is the peer of all centers in the west. He has plenty of size, speed and fight and is an excellent jumper and has an accurate eye. He plays a cool, superior, intelligent game, is hard to equal, and scored 67 field goals in 11 games.

Glen Perry, the athletic phenomenon of the school year, without experience, developed into the best back guard ever seen on Walla Walla's floor. Tall, strong, and quick, he always secured the ball from the bank without once having called a held ball. He was exceptionally accurate and steady on free throws, scoring 66 out of 87 attempts.

Lyle Kelly, floor guard, played a strong game but lacked the unusual basket eye that his captain possessed.

"Zeke" Clark broke into fast company at center without previous experience but lacked the accurate basket eye.

Reece Brunton was a very dependable back guard and played a strong game. Extraordinarily quick and a splendid team worker he succeeded in giving Perry a hard run for the position.

TRACK WINNERS AT PULLMAN IN 1917

TRACK POSSIBILITIES IN 1918

Review of Track Season—1917

Although damp cold weather severely handicapped the track candidates in training, yet Walla Walla won third place in the state meet at Pullman. Captain Hoffman won the pole vault at 11 feet, Yenney the javelin at 163 feet 5 inches, and Elliott the high jump at 5 feet 9 inches.

Captain Hoffmann, an all-around track man is exceptionally good in the high and broad jumps, shot put, discus, and javelin throws and pole vaults. He holds the northwest scholastic record in pole vault.

"Phiddy" Yenney also is an all-around track man. In practice he has hurled the javelin over 165 feet, put the shot over 44 feet and the discus over 118 feet.

Shelley Buff promises to break the tape in the mile in 1918. He ran fourth in 1917.

PROSPECTS FOR TRACK IN 1918.

Prospects for a championship team in 1918 are very bright with the two champions, Captain Hoffmann and Yenney still in the harness. Buff and Chandler are making good time in the mile. Kincheloe, Corkrum, Simpson, and Baxter look good in the quarter and half. Evans has been doing the century and 220 in record time while Meyer and Turnbow are expected to breast the tape with the leaders in 50 and 100. Turnbow and Kincheloe are doing around twenty feet in the broad jump. Houghton is forcing Yenney and Hoffmann in the weights.

Interclass Notes

MARGARET BOWEN

IN Walla Walla High School we believe in healthy competition, fair play and good sportsmanship whether winning or losing. Therefore the whole school year is made a contest between the classes in every different branch of student activity. In each contest four places are awarded counting 7, 5, 3, and 1 points respectively. The class giving the best account of its loyalty and hard work by the number of points gained is awarded a shield mounted in bronze and engraved with the year and the name of the class which won it. The Annual goes to print before the close of these contests so it may be announced here that last year's contest was won by the class of 1919. Three cheers for 1919!

Our first four interclass contests were in ticket selling. The first was for the North Central game, November 3. All were greatly interested to see which class would prove to have the best spirit in this test. The classes took the honors in order—seniors, juniors, sophomores, freshmen.

Great was the excitement in preparation for The Big Game with Salt Lake on Thanksgiving for the championship of the West. The business men guaranteed to the amount of $800 but instead we took in $1600 in spite of a rainy day. One may easily see that the whole school worked hard but the sophomores slipped up a notch making it seniors, sophomores, juniors, freshmen.

The contest in ticket selling for the Red Cross benefit was unusual in importance for by vote of the student body all awards of points were to be doubled thus, 14, 10, 6, and 2. The seniors found it hard yielding to the little freshies but they won it fairly and proved themselves a class "up and coming." The order stood, freshmen first, seniors, sophomores, and juniors.

The first semester closed and our student tickets were no longer valid. Altho the students worked for the usual number, only 325 were sold. Seniors took first place, then freshmen, juniors, and sophomores.

This left the points with the several classes at the beginning of spring athletics as follows: seniors, 31; juniors, 13; sophomores, 15, and freshmen, 21.

Interclass athletics began with boys' basketball. The seniors took first place, freshmen, second, the juniors tying the sophomores for third with 2 points apiece. Girls' basketball had the same result for first and second, then juniors and sophomores.

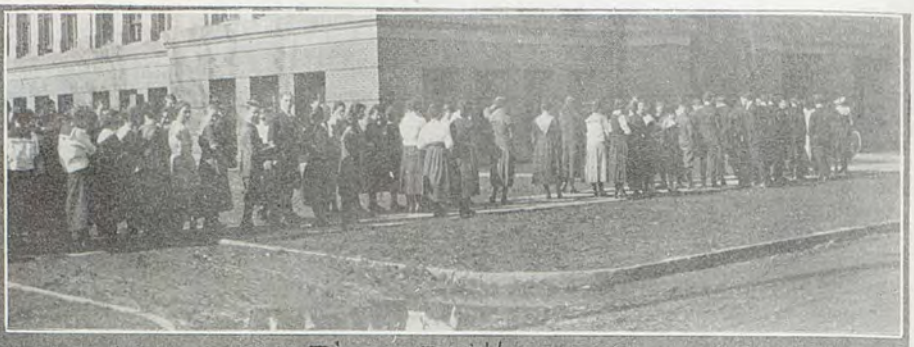

There was more than usual interest in volley ball this season and quite a few turned out. In boys' volley ball the classes ranked, juniors, seniors, sophomores and freshmen. But the freshmen took the lead in girls' volley ball followed by the seniors, the juniors and sophomores tying for third.

The juniors came to the front in indoor baseball, sophomores second, and seniors tying the freshmen for third place.

Our Home Declamatory Contest was unusually fine and thoroughly enjoyed by those who attended. All classes were justly proud of their contestants and their excellent performance. The points show how evenly matched they were, the three upper classes tying for first place.

The Cross Country Run was held on Wa-Hi field. A good race was run and very creditable time made. The seniors took first place, freshmen second, juniors third, and sophomores last.

As the Annual goes to press the classes have the following points respectively: seniors, 69; juniors, 42; sophomores, 34; freshmen, 47. The music contest will come soon and besides that there will be the following contests before the close of school: Girls and Boys' Tennis, both double and single, Girls' Townball, Boys' Baseball and Track with the possibility of others being added by the Interclass Council. So in spite of the standing now any class may still win out and secure the shield.

OUR PART IN THE GREAT WAR

This year brings home to us the greatest crisis our country has ever had and many old students are helping to bring victory under old Glory. Those of us at home must get in the war-whirl and do everything we possibly can to support our native land and to give assistance to our noble students of former days. Many of the boys serving their country were trained in the old High School Cadet company and only needed to be furnished with arms to become old veterans, for the training at high school gave them the advantage over a great many men for promotion. And as they have willingly gone, let us at home put our shoulders to the wheel that they may not want for anything that our work could have provided. May it be our pleasure to have them all with us again and to know that their work helped to win the victory. Walla Walla High School always has been a leader and always will be and the lessons in patriotism taught there will be a factor in making the Huns know what real Patriotism means.

E. S. McLEAN (Alumnus)

A WORD FROM AN ALUMNUS

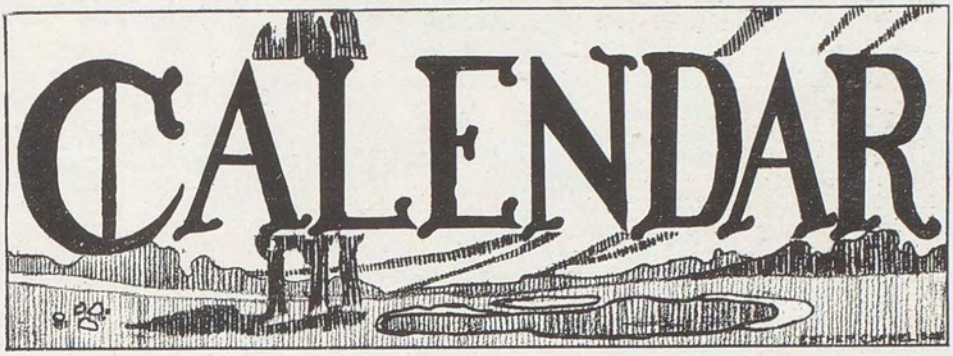

First Squadron A. G. I. S., Ellington Field, Houston Texas, Feb. 22, 1918.

* * * Ellington Field is an advanced "Flyer field," 18 miles from Houston, Texas and 33 miles from Galveston and once here your mind is absorbed by aviation. There are from seven hundred to a thousand fliers here and one can gaze up at the skies any time and see from fifty to seventy airplanes, circling, spiraling or doing some fancy antics such as "nose dives" or "tail spins." Now anyone who knows me would wonder what I am doing in such a camp. I am trying to be an instructor in aerial gunnery, i. e. trying to show these boys up in the air how to shoot machine guns. It is an intense life, occupying my time from 5:30 A. M. to 10:30 P. M. and yet I like it. It is hard to realize, however, that what we are doing here is connected with the activity "over there." I am not going into a description of this camp, of its Y. M. C. A.'s, its food, or its joys and pleasures. That is served often enough and is colored about as the author sees fit. I like it and never felt better in my life. I find the greatest asset I had was my education and I am going to give you fellows a tip to stick in "High School" and go on to college. If your country needs you, she will call you. But you are serving her best by preparing yourself so that when she does call you, you will be able to serve her. The first question anywhere is "How much education have you?" I just chanced to look up and saw an airplane battle formation, about twenty planes being silhouetted up against the sky, and believe me, they travel high. It is an inspiring sight and when one gets to know the metal of the fellows who drive these airplanes you are glad that you are an American. Two weeks will finish me up at this camp and then I will be shipped to some field, probably Dayton, Ohio. I don't know how much people may know about machine guns. I will say in brief that they are light guns, (usually around 30 lbs.) and shoot six hundred shots per minute, and they sure ramble. They are the only weapon the aviator can use and on his "knowledge" of his gun depends his life. Do you wonder that they are eager to learn? Well, so far, that is my part in the service; what the next steps may be I don't know. I am kept pretty well in touch with affairs at Walla Walla through the papers and am always especially interested in W. W. H. S.—she is a great school.

Sincerely,

PHILO H. ROUNDS,

Mr. C. A. Steelsmith has joined our Faculty but too late to have his picture at the front of the book. He teaches Manual Training and Mechanical Drawing.

My, how we miss Mac since he is gone, but he will sure put "pep" in the army, so it's good bye Kaiser Bill. And if the Germans don't know why they are fighting, Fleming will be right there to tell them why they are in it and where they are going to get off. There sure will be one grand reunion when Morgenthaler, Dempsey, Bottsford and Conlee get together "Over There." And rumor says that Miss Aellen is going to join them soon.

Our best efforts this year, have gone for Red Cross work, with the following results. 1—Donating five hundred dollars. 2—Patriotic League knitting specialties. 3—Ticket selling contest for Vaudeville Day. 4—First aid class from which, under the supervision of Dr. Jones, who generously lent us his services, we had a graduating class of four teachers and eight girls. 5—House sold candy at games.

Our Lyceum Course this year was particularly enjoyable as it featured some of the greatest artists in the country. Elsie Baker opened the programme and was received with great enthusiasm. Then followed the Ben Greet Players, Montraville Wood, the Rob Roy Quartette and Maud Powell, the course being brought to a successful close by Thomas Brooks Fletcher's splendid speech.

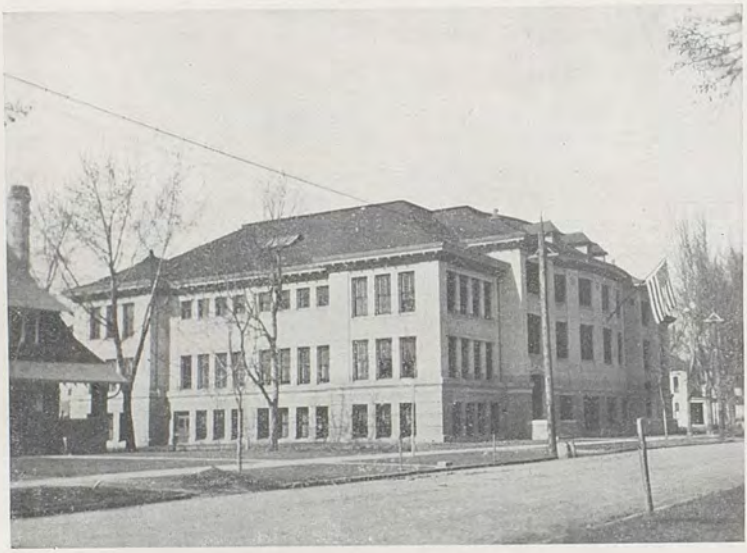

We have had the good fortune to have some super-fine assemblies in which noted men have addressed us. For the first time in the annals of the school, a Vice President stood before our student body. We are deeply indebted to those of the outside who have come to us to give us a broader view of the war and of the part we have to play in it.

It's a mighty fortunate thing for the town that the clocks have been moved forward an hour, else with the 8th and 9th periods so newly added by the teachers, our electricity bill would be enormous.

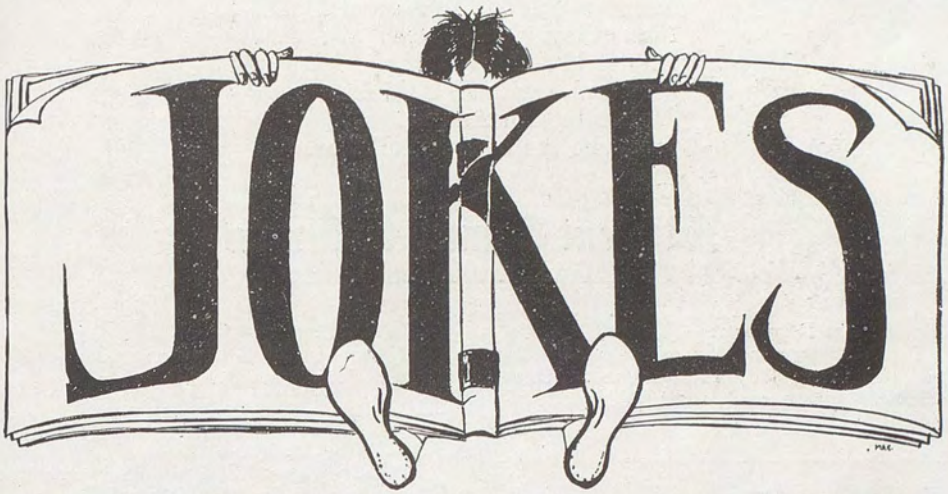

One hundred and seventy-two stars adorn our service flag.
Swede and Joe prominent as connoisseurs of statuary.

By MARY DEANOFGIRLS DIVEN

Mr. William Berreman:—
I cannot answer your question concerning the young lady in question in these columns; please send a self-addressed envelope.

Mr. Fritz Bleakney:—
If you are asked repeatedly, I should advise you to accept the young lady and have it over with.

Mr. Loral Anspach:—
In regard to your question, I suggest that you use discretion and do not "fuss," as you are pleased to term it, more than seven nights in a week. However, it might be well to consult the young lady.

Mr. Frank Hunt:—
Make it a sporting proposition with her and take a chance. Bet her a "four dollar dog" against some trivial thing and whoever loses, you win.

Mr. Floyd Sparks:—
I should advise you to make sure of the new before breaking off with the old.

Mr. Alan Croup:—
If you can't tell them apart, what difference does it make which one you get?

Mr. Clarke Yenney:—
I should suggest that you read page 683 of chapter one in "The Elementary Fusser" by Dr. Roy E. Riffle.

Dr. R. A. Petah Augustavo:—
Perhaps it would be best to take her into your confidence and if she does not approve, postpone it until you are better acquainted.

Master Bill Hoffman:—
Don't try to kid yourself into thinking that you are through with women. Your letter was chuck a block with slang; you had better watch your step when talking to girls as slang does not go down with them.

Mr. Chester Merklin, Esq.:—
In reply to yours of recent date, I would say that you might take William Kirkman as a model in affairs of the heart. His success in such matters has been phenomenal.

Our superior facilities and buying all supplies in large quantities, enables us to furnish more value for the same money than is obtainable elsewhere in this section.

It is not many years since BEAUTY of FLAT GRAINED FIR was fully appreciated. The discovery developed a big demand despite the fact that workmen almost refused to work flat grained finish. No, the artistic public will have nothing else in the line of fir. It is our idea of SERVICE to furnish just what our customer wants. Flat Grained Fir tables and cabinet work are just swell. You will agree with us when you see such work, and we can show you samples.

IT IS not our policy to boast about our business virtue. We would much prefer to have this store judged by its works rather than by our words. BUT—

To make this store better and broader in its service to you has been our constant endeavor, with the result that today—

It has sales force far above the average in competency and courtesy to customers, who can tell you intelligently the truth about our goods.

Our attitude towards the customer is that each transaction must be satisfactory from beginning to end—one and all treated alike, without discrimination—*absolute satisfaction* or money refunded.

All our advertising is carefully censored by the management before being published. It tells the simple truth about the goods and, from an economic standpoint, *it pays to read our advertising.*

DAD MAXWELL

"High School's Military Tailor"

THERE are few characters as interesting and none that appeal to the High School boys so greatly as Dad Maxwell.

Whether sitting in his tailor shop at the "Y" swapping yarns, or in his cabin on upper Mill Creek, he holds his friends spellbound, while he tells of his adventures as a soldier and as a hunter, or of his wild escapades in the Philippines.

Born in 1854 at Elizabeth Port, N. J., he has led a varied life. He began his career as a driver on the Erie Canal, with his intimate friend President Hays. He then served thirty years in the U. S. army, being stationed at Atlanta, Florida, in Texas, in Cuba, and in the Philippine Islands. He possesses many medals of his skill as a marksman, but his most treasured medal is a leather one, made by the harness maker of the cavalry. The inscription reads, "Champion Liar, 1898, 7th Cavalry and 18th Infantry." "'Tis Well," the last being Dad's favorite ejaculation at the end of a good story.

Since his discharge from the army, Dad has had a cabin on upper Mill Creek, about two miles above Clicker's, near the mouth of Tiger Canyon. Here the fellows visit him, and here he bakes biscuits by the panful to feed the hungry crowd. From his cabin he travels over the country with his old rifle slung across his back a typical Western mountaineer. So here's long life and good health to Dad Maxwell, the friend of us all.
